

The BOSS Triad

The BOSS Triad works to push the program to new heights, taking input from the E-Council and the BOSS Representatives! The BOSS President is chosen by the GCSM, and the MWR Civilian Advisor.

The Executive Council

The Executive Council fulfills key roles within the BOSS infrastructure ensuring smooth operation of events, meetings, and taking care of service members!

BOSS Representatives

The BOSS Representatives form the backbone of the program by attending meetings, signing up individuals for events, and pushing information about BOSS at formations and unit-level meetings!

Being a BOSS Rep means being the bridge between the single service member, and the executive council by bringing information in and distributing information out!

How can I get involved?

Every 2nd & 4th Wednesday of the month, at 1500 over at the BOSS HQ (below), we have a general assembly BOSS meeting. Everyone is welcome to attend! Come hang out, ask questions & see what we're about!

What if I want to be more than a BOSS Rep?

If you want to have a bigger impact on BOSS, there's loads of ways to do so! We have **subcommittees** who work together to run bigger events like our annual *Haunted House*, and the **Executive Council**, who leads BOSS and pushes it to new places!

THE PILLARS OF BOSS

Quality Of Life

This pillar focuses on identifying preemptively solving issues at the lowest level before they become an issue. This doesn't replace or supersede your chain of command.

Community Service

This pillar focuses on getting soldiers to interact with and help the community around the garrison! Distributing food, manpower or supporting ongoing events for your sense of community and mature morals!

Recreation & Leisure

This pillar focuses on identifying preemptively solving issues at the lowest level before they become an issue. This doesn't replace or supersede your chain of command.
